

Technical change to IE-SFP-1GSXLC-series (Gigabit Ethernet multimode SFP-Transceiver)

Dear Madam or Sir,

the products listed below are subject to a product change and will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications mentioned have been made to support our ongoing commitment to continual improvement and ongoing product development.

1. Initial situation

Product revision change due to phase out of laser diode.

2. Technical changes

1.) Operating temperature range extended (for extended temperature model)

Article name	Article number	Operating temperature current version	Operating temperature new version
IE-SFP-1GSXLC-T	1286700000	-20°C to 75°C	-40°C to 85°C

Besides the changes shown under section “Technical changes”, there are no other changes in the product’s form, fit or functionalities.

3. Reason for change

Phase out of laser diode.

4. Availability

From now. New product version available from stock.

5. Affected parts

Article name	Article number	Current version	New version
IE-SFP-1GSXLC	1241490000	1.2.0	1.3.0
IE-SFP-1GSXLC-T	1286700000	1.2.0	1.3.0

Note: The product revision is shown on the box label and label of the respective product.

6. Data

- PCN-number: PCN-PN48-20181113-00-A
- date of publishing: 13th November 2018
- revision number: A

We hope that the changes will benefit your business and will not affect you in any significant way and apologies in case of any inconvenience caused. Please rest assured that we will do everything possible to achieve this product change as smoothly as possible with minimum or no business disruption.

For further questions or if you need any additional assistance or information, please contact your local sales office directly. All contacts for sales representatives are available here: <http://www.weidmueller.com/contact>

Details of this and any other product changes can also be found on our web page by following the link shown below
