

## Technical change acc. printing systems

Dear Madam or Sir,

the products listed below are subject to a product change and will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications mentioned have been made to support our ongoing commitment to continual improvement and ongoing product development.

### 1. Initial situation

All Weidmüller printing systems come with a printed manual. A DVD containing the M-Print PRO labeling software is also included. This DVD also contains additional documents and videos.

### 2. Technical change

The printed manual and DVD will no longer be included with printing systems in future. Instead, an information card will be provided, making it easier for customers to download all the necessary data, documents, or software from the Weidmüller e-shop.

#### Actual version

Manual & DVD

#### New version

**i Information**

Die Handbücher und Software sind jetzt im Weidmüller Onlineshop verfügbar - **QR-Code auf dem Typenschild am Drucker scannen** und direkt zum Produkt mit allen Infos und Downloads gelangen.

The manuals and software are now available in the Weidmüller online shop – scan the QR code on the printer's type label to go directly to the product page with all information and downloads.

**M-Print® PRO** + **Manuals** → **Download**

Über den QR-Code hier scannen und die Artikelnummer des Druckers eingeben – sehen sind alle Infos und Downloads zum Produkt verfügbar.

Or scan the QR code here and enter the printer's article number – all product information and downloads instantly available.

**Weidmüller** 

Information card

### 3. Reason for change

Although digitization is already an integral part of everyday life, the purchase of products generates a high and avoidable amount of paper and waste.

The provision of product information in digital form via the internet, for example by scanning a QR code, should be recognized as state of the art.

In addition to the undeniably positive effects on the environment, the digital provision of usage information would have many advantages for end users: always up to date, easy access to different language versions, search function, barrier-free display, and many more.

### 4. Availability

The change will be done in Q1 2026

### 5. Affected parts

PrintJet CONNECT	–	2715590000
THM MultiMark	–	2599430000
THM MultiMark Plus	–	2599440000
